

Museum on the Move!

Imagine. Build. Test. Improve What will you invent?

Every great invention starts with an idea! **Museum on the Move** invites young explorers to step into the shoes of engineers, scientists, and technology professionals through hands-on challenges that bring real-world careers to life.

Youth will travel through interactive stations where they can design and race cars, build circuits, inspect machine parts and more! During their journey, young visitors will also learn about skills used by professionals working in real careers throughout our state.

Recommended Ages: Grades 3-5

How to I reserve a spot today?

Scan the QR code below to learn more about Museum on the Move and to reserve your experience.

Who can reserve the Museum on the Move?

Any school, library, or community organization servicing youth may reserve the Museum on the Move.

How long can the Museum on the Move visit my location?

The Museum on the Move may stay at your location for up to 2 weeks please contact us if you would like the exhibit booked for an extended period of time.

How do I pick up the Museum on the Move and how much space do I need to transport it?

The Museum on the Move can be picked up in Bay City. You will receive detailed instructions regarding pick-up once you have completed a reservation. The mobile museum includes multiple totes and a 5ft long wind tunnel. It can be transported in multiple trips using a large SUV or pick-up truck or in one trip using a school bus or box truck. You may decide to request fewer large exhibit components if transportation is prohibitive. Please make sure to bring a cart for transport. Some items are heavy. Exhibits can fit through a standard doorway.

How much space does the Museum on the Move need?

We recommend using a space that is at least 1,400 sq. feet to enable students to move between stations. This is about the size of a typical classroom.

What else do I need to provide?

Sites must pick up the Museum on the Move and set it up. Setup takes about 1.5 hours to complete. You must provide four tables that are approximately 6ft. in length as well as access to electric outlets. Depending on your setup, you may also need one extension cord.

Is there a cost to rent the Museum on the Move?

The Museum on the Move can be rented at no cost. The exhibit includes a student workbook that you may choose to print at your expense. Please note, fees may apply if the exhibit is returned with missing parts or damage.

Does the Museum on the Move need to be indoors?

Yes, the Museum on the Move must be displayed indoors only.

Does a staff member need to be in the space at all times?

We recommend having a staff member within the experience or with visible site-lines to the experience when visitors are in the space.

How many students can participate at one time?

Activities work best when capacity is limited to no more than 35 students within the experience at a time.

For more information about the activities included in the Museum on the Move as well as teacher and student resources, please visit our website by scanning the QR code on the other side of this flyer.
